The club meeting usually runs for 1 hour and follows a standard format:

Breakfast	collect toast and tea/coffee prior to meeting
Business section:	approx 15 mins
Break:	5 mins
Speaking program:	35 mins
Coaches feedback:	5 mins

The business session allows members to improve their skills in running and participating in a formal meeting environment.

The speaking program allows members and visitors to learn and practise public speaking skills. Speeches may be prepared or impromptu as set by the club training coordinator and the chairman of the day or a speech that a member wants to practice.

Each section of the meeting is commented on by a club coach. This gives speakers an indication of areas for improvement and allows members to plan and monitor their personal development targets.

Public speaking can be a very uncomfortable challenge that may be required in our professional or private lives.

Club 45 pride ourselves in providing a friendly and relaxed environment for our members to practice public speaking to gain confidence and skill. We have a broad base of experience within the club to assist new members to practice and improve their personal technique and work toward their personal goals.

We hope you will enjoy your visit and look forward to seeing you again soon.
